SUMMARY

Highly motivated and detail-oriented Computer Engineering graduate with a strong foundation in software development, machine learning, and core computer science concepts. Passionate about building intelligent applications using modern technologies such as Python, Java, and AI frameworks. Strong analytical and problem-solving skills with a passion for learning emerging technologies and contributing effectively to innovative technical solutions.

PROJECT EXPERIENCE

EMOTION DETECTION OF INFANTS FROM THEIR FACIAL EXPRESSION AND CRIES USING MACHINE LEARNING

- Developed a machine learning system to detect infant emotions like hunger, discomfort, and belly pain using facial expression and cry audio analysis.
- Utilized Python with OpenCV for real-time computer vision and Librosa for audio signal processing and feature extraction.
- Trained and optimized deep learning models using TensorFlow to classify infant emotions accurately.
- Integrated backend with a mobile-friendly interface, enabling real-time emotion detection and insights for caregivers.

RESQ - AI POWERED INTERVIEW PREPARATION PLATFORM

- Developed a dynamic AI-powered web application using AI tools to analyze user resumes and generate personalized interview questions to enhance candidate evaluation.
- Integrated Google's Gemini AI for intelligent resume parsing and real-time question generation based on extracted skills and experience.
- Implemented speech-to-text functionality, enabling users to provide verbal interview responses, improving interactivity and engagement.

EDUCATION

Bachelor of Technology in Computer Science and Engineering **June 2021 - April 2025**

APJ Abdul Kalam Technological University, Kerala

- CGPA : 6.86

Higher Secondary Education (12th) **May 2020 - May 2021**

St John's School, Kerala

- Percentage : 80.2

Secondary Education (10th) **May 2018 - May 2019**

St John's School, Kerala

- Percentage : 89.4

ADDITIONAL INFORMATION

- **Technical Skills:** Java, Python, HTML, CSS, MySQL, LLM, RAG, Git, AI Development, NLP, GitHub, AI-assisted development, Prompt Engineering
- **Soft Skills:** Effective Communication, Problem Solving, Leadership, Time Management
- **Languages:** English, Malayalam, Hindi
- **Awards/Certifications:** Career Essentials in Generative AI, Prompt Engineering, Python for Data Science and AI Development, National Service Scheme Volunteership Certificate.
